

## NON-MEMBER PRICING 2018-2019

### CLAY TARGET SHOOTING

**SPORTING CLAYS:** We have 2 fully automated 12 station sporting clays courses. We have the red course which is our beginner course made to introduce you to the world of sporting clays. Our white course is more of a tournament style course that will help you hone your skills.

**WOBBLE:** The wobble house has 4 machines that throw easier outgoing targets from under your feet. It is a good place to learn to shoot or get warmed up.

**5-STAND:** Consists of 5 different shooting positions and 8 clay pigeon machines. You will see a wide variety of targets

**SKEET:** Skeet is a game in which 25 targets are shot from various positions. It is a great place to practice crossing targets and help understand the concept of lead.
